| First Name: | | | |
| Surname: | | | |
| Phone: | | | |
| Fax: | | | |
| E-mail: | | | |
| Mobile Phone: | | | |

Important: Backups will be transmitted daily at the nominated time. If a backup has failed to take place as scheduled, you will be alerted by a pop up message on your screen and an email will be sent your property's address stating how many hours have lapsed since an iBackup has occurred. A daily check of the backup log, located in your system tray, is strongly recommended as a second line of assurance that backups are being sent and successfully received by RMS. Please contact RMS Customer Support as soon as you notice any back up failure as it is important that a successful back up routine be maintained.

Charges: \$396 + GST per annum

Signed: _____ Date: ___/___/___
